Paris City of Law is happy to welcome 20 rising stars from the legal profession across various international jurisdictions for its 2022 Summer Camp in the heart of our vibrant and multicultural city. The 3-day event in Paris will gather selected top practitioners from the legal sector.

The summer camp will provide an open forum to engage in discussions and analyze current and future legal trends, as well as review practical solutions to the global challenges faced by in-house counsels and young outside attorneys in a transnational world.

Participants will have the opportunity to attend practical and interactive sessions on various topics (best global practices and standards, NFTs and smart contracts, legal «attractiveness» of a jurisdiction, «Rock'n'Roll Law», etc.), as well as to join open lectures from guest speakers which will focus, this year, on climate change-related issues.

The event will offer an excellent opportunity to network in a less formal setting through recreational activities (between participants and with the Paris legal community) as well as enjoy Paris and all it has to offer.

Why take part in the Summer camp 2022?

- Opportunity to be part of an annual international meeting in Paris designed for curious and open-minded young legal professionals.
- Creation of an alumni network for future legal leaders at a global level.

- Exchange of tips, best practices and advice from professionals in the legal sector.
